

Basil 'Spicy Globe'

Ocimum basilicum minimum

This tidy, compact plant is completely covered with small, fragrant leaves, making Spicy Globe Basil perfect for gardens and small pots. This annual grows 8-12" in height and consists of small leaves and tiny white flowers. The seemingly endless supply of green, aromatic leaves goes perfect with almost any tomato dish. The taste of Spicy Globe Basil is a bit milder than its name leads you to believe. It is easy to grow in warm well-drained soil.
