

# Columbine, Origami Mix

*Aquilegia vulgaris*

*Aquilegia caerulea* 'origami mix'

Long-time garden favourite with exotic drooping flowers in various shades of red, blue, yellow and white. Formerly used for treating running sores and urinary and liver ailments. Has narcotic properties; not to be used without medical supervision. Z3-8

This delightful columbine is perfect for patio containers and window boxes because the flowers face upward to be enjoyed. Nice, neat compact habit supports a multitude of 3" flowers in a wide variety of mixed colors, including blues, pinks, red, roses, whites and yellows. Attracts butterflies and hummingbirds. Good cut flower.
