To District High School English, Music or Drama Classes,

We at the Smorgasbord would like to invite you to make use of our facility if you need a public space for your students to practise their arts or to get a feeling of what it's like to perform in public.

We recently had the Beatty Grade 12 English class perform selections of poetry which either they themselves had written or one which they particularly liked. They all found this a very rewarding experience and as it was at 2pm they weren't intimidated by a large number of diners.

As things are usually slow in the Deli in January & February, this would be the ideal time to book if you'd like to take advantage of this opportunity.

We hope this is something which might appeal to you and fit in with your schedules.

Sincerely,

Dalton & Anita Strong
