Historic O'Keefe Ranch

To the early days of the Okanagan Valley. The Ranch was founded in 1867, and in its earliest days was at the end of the wagon road into the Okanagan Valley and the site of the stage coach depot. It was a small, self-contained community, with a Post Office, blacksmith shop, grist mill, and even its own church and cemetery. Many of the original buildings still exist, and are a delight to explore

THE NIMBLEFINGERS Public FESTIVAL

Saturday Aug 22nd 2020 What's it all about?

Spend an inspiring, challenging, and thrilling week with others who share your passion for bluegrass and old-time music! Each August we're proud to host NimbleFingers Bluegrass and Old-Time Music Workshop in Sorrento, BC—about 5 hours from Vancouver and 7 hours by car from Calgary. Now in our 26th year, we provide a fun, friendly and non-competitive environment for everyone from beginners to advanced players, with ample opportunity for group learning, electives, organized jam sessions, and tons of other spontaneous activities.

There are student concerts, band scrambles, instructor concerts, campground picking sessions, hosted jams and old-time dances. We hear from many of our regulars that the summer music workshop is what they look forward to the most each year. We offer two separate weeks of workshops, and many of our attendees stay for both. It's a chance to connect with your musical community, learn something new and have a great *time!*
